

Chincoteague Cultural Alliance

Directions to Chincoteague

From Norfolk, VA

About 2.5 hours from Norfolk, VA to Chincoteague Island, VA

- **I-64 toward Virginia Beach.** I-64 is a beltway around Norfolk.
- **Exit onto US-13 North** – Northampton Blvd.

*US-13 will take you directly to the Chesapeake Bay Bridge Tunnel - \$12 toll.
You'll stay on US-13 until you are about 15 minutes from Chincoteague Island.*

After you cross the Chesapeake Bay Bridge Tunnel, stay on US-13. You'll pass through lots of little towns: Nassawadox, Belle Haven, Exmore, Painter, Nelsonia, Mapsville, Temperanceville, Oak Hall.....The next turn is just north of the village of Oak Hall.

- **RIGHT onto Rt-175, Chincoteague Road**

There is a traffic light at this intersection. Just before the intersection you'll pass a Sonics fast food restaurant on the right and a strip mall with a Food Lion Grocery store. At the traffic light is a convenience store and gas station called "T's Corner." If you pass the Peace Token store on the right you missed the turn. You'll recognize the Peace Token by the huge and geographically incorrect image of a Native American Sioux chief in a war bonnet!

- Follow RT-175 for about 10 miles. You'll pass through Wallops Island Flight Facility. On the right is the NASA Visitors Center with half a dozen small rockets on display.
- The causeway across Chincoteague Bay comes right after the NASA Visitors Center. It's about four miles long.
- At the traffic light after you cross the drawbridge you'll be at the intersection of Main Street and Maddox Blvd. Now follow the specific directions to the venue in which you'll perform or demonstrate.
